Herbarium Silesiae Superiors

Let's raise a toast to our beloved nature!

Once again at Śląska Prohibicja, we are approaching our cocktail menu from a different angle - not in the classic way, but in our own way.
This time, we have dressed up as a slightly mad naturalist, wandering through the nearby forests with a great magnifying glass in hand. We believe that something interesting can be found everywhere. In love with our closest surroundings, we stumble upon inspiration at every step. We play with these ideas, juggle them, write them down on napkins and tuck them into our pockets, only to pull them out at just the right moment.

Come with us! Let's forage through the thickets!
